

# **CoreLine Malaga LED**

### **BRP102 LED55/740 II DM MSP**

CoreLine Malaga LED large - LED module 5500 lm - Power supply unit - Safety class II - Distribution medium - Universal for diameter 42 to 60 mm adjustable

The CoreLine Malaga LED family consists of two sizes and uses a Philips standardized design LED engine as light source and a Philips Xitanium fixed output outdoor driver. Quality you can rely on.; At the same time, the investment in a CoreLine Malaga LED luminaire is in many cases on the same level as an old SON-T luminaire including the first lamp. As the LED light engine in CoreLine Malaga LED will last the lifetime of the luminaire, just by saving the multiple lamp replacements needed with SON-T will already return the investment in it. Ease of installation is obtained through the extended gland feature: the luminaire does not need to be opened to connect the power cable. At the same time, the flat glass cover can be removed to allow access to the driver for maintenance if required. Adding up the functions and features truly make the choice for CoreLine Malaga LED an easy decision. As a member of the CoreLine family, Malaga LED is easy and quick available thru Philips Partners near you.; CoreLine Malaga LED has been designed as efficient as possible, with the same performance as the SON-T 50, 70, 100 and 150W luminaires it replaces; provide the right amount of light in the right place. The medium beam (DM) optic delivers an efficient distribution onto the road. The combination results in interesting energy savings which reduce operating costs significantly. 50% energy reduction is realistically possible.; Special versions with several options are available. As these are specials, and manufactured to order received only, these specials do have a longer delivery time. Options available are:;Wide beam (DW) optic;Added surge protection device 10kV (SRG10);Marine Salt Protection (MSP) paint finish; Micro Mini Pro photocell 35 Lux; Build in (glass) fuse 6A;3 meters external flying lead cable (H07RN-F);Not all these options can always be combined with each other. Please consult your Philips partner for details in case of interest or doubt.

## CoreLine Malaga LED

#### **Product data**

General Information	
Lamp family code	LED55 [ LED module 5500 lm]
Light source color	740 neutral white
Light source replaceable	No
Number of gear units	1 unit
Driver/power unit/transformer	Power supply unit
Driver included	Yes
Optical cover/lens type	Flat glass
Luminaire light beam spread	-
Control interface	-
Connection	Push-in connector and pull relief
Cable	-
Protection class IEC	Safety class II
Flammability mark	-
CE mark	CE mark
ENEC mark	ENEC mark
Warranty period	5 years
Optic type outdoor	Distribution medium
Constant light output	No
Number of products on MCB of 16 A type B	11
EU RoHS compliant	Yes
Light source engine type	LED
Product family code	BRP102 [ CoreLine Malaga LED large]
Light Technical	
Upward light output ratio	0
Standard tilt angle posttop	-
Standard tilt angle side entry	O°
Januara in angle side entry	
Operating and Electrical	
Operating and Electrical Input Voltage	220 to 240 V
Input Voltage	220 to 240 V 50 to 60 Hz
Input Voltage Input Frequency	50 to 60 Hz
Input Voltage Input Frequency Initial CLO power consumption	50 to 60 Hz N/A W
Input Voltage Input Frequency Initial CLO power consumption Average CLO power consumption	50 to 60 Hz N/A W N/A W
Input Voltage Input Frequency Initial CLO power consumption	50 to 60 Hz N/A W
Input Voltage Input Frequency Initial CLO power consumption Average CLO power consumption End CLO power consumption	50 to 60 Hz N/A W N/A W N/A W
Input Voltage Input Frequency Initial CLO power consumption Average CLO power consumption End CLO power consumption Inrush current	50 to 60 Hz N/A W N/A W N/A W 46 A
Input Voltage Input Frequency Initial CLO power consumption Average CLO power consumption End CLO power consumption Inrush current Inrush time Power Factor (Min)	50 to 60 Hz N/A W N/A W N/A W 46 A 440 ms
Input Voltage Input Frequency Initial CLO power consumption Average CLO power consumption End CLO power consumption Inrush current Inrush time Power Factor (Min)  Controls and Dimming	50 to 60 Hz  N/A W  N/A W  N/A W  46 A  440 ms  0.98
Input Voltage Input Frequency Initial CLO power consumption Average CLO power consumption End CLO power consumption Inrush current Inrush time Power Factor (Min)	50 to 60 Hz N/A W N/A W N/A W 46 A 440 ms
Input Voltage Input Frequency Initial CLO power consumption Average CLO power consumption End CLO power consumption Inrush current Inrush time Power Factor (Min)  Controls and Dimming	50 to 60 Hz  N/A W  N/A W  N/A W  46 A  440 ms  0.98
Input Voltage Input Frequency Initial CLO power consumption Average CLO power consumption End CLO power consumption Inrush current Inrush time Power Factor (Min)  Controls and Dimming Dimmable	50 to 60 Hz  N/A W  N/A W  N/A W  46 A  440 ms  0.98
Input Voltage Input Frequency Initial CLO power consumption Average CLO power consumption End CLO power consumption Inrush current Inrush time Power Factor (Min)  Controls and Dimming Dimmable  Mechanical and Housing	50 to 60 Hz N/A W N/A W N/A W 46 A 440 ms 0.98
Input Voltage Input Frequency Initial CLO power consumption Average CLO power consumption End CLO power consumption Inrush current Inrush time Power Factor (Min)  Controls and Dimming Dimmable  Mechanical and Housing Housing Material	50 to 60 Hz N/A W N/A W N/A W 46 A 440 ms 0.98
Input Voltage Input Frequency Initial CLO power consumption Average CLO power consumption End CLO power consumption Inrush current Inrush time Power Factor (Min)  Controls and Dimming Dimmable  Mechanical and Housing Housing Material Reflector material	50 to 60 Hz  N/A W  N/A W  N/A W  46 A  440 ms  0.98  No  Aluminum die cast
Input Voltage Input Frequency Initial CLO power consumption Average CLO power consumption End CLO power consumption Inrush current Inrush time Power Factor (Min)  Controls and Dimming Dimmable  Mechanical and Housing Housing Material Reflector material Optic material	50 to 60 Hz  N/A W  N/A W  N/A W  46 A  440 ms  0.98  No  Aluminum die cast  - Polymethyl methacrylate
Input Voltage Input Frequency Initial CLO power consumption Average CLO power consumption End CLO power consumption Inrush current Inrush time Power Factor (Min)  Controls and Dimming Dimmable  Mechanical and Housing Housing Material Reflector material Optic material Optical cover/lens material	N/A W N/A W N/A W A6 A 440 ms 0.98  No Aluminum die cast - Polymethyl methacrylate Tempered glass

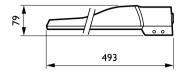

Optical cover/lens shape	Flat	
Optical cover/lens finish	Clear	
Overall length	493 mm	
Overall width	217 mm	
Overall height	79 mm	
Overall diameter	520 mm	
Effective projected area	0.22526 m²	
Color	Gray	
Dimensions (Height x Width x Depth)	79 x 217 x 493 mm (3.1 x 8.5 x 19.4 in)	
Approval and Application		
Ingress protection code	IP65 [ Dust penetration-protected, jet-	
	proof]	
Mech. impact protection code	IK08 [ 5 J vandal-protected]	
Surge Protection (Common/Differential)	Luminaire surge protection level until 4 kV	
	differential mode and 4 kV common mode	
Initial Performance (IEC Compliant)		
Initial luminous flux (system flux)	4600 lm	
Luminous flux tolerance	+/-7%	
Initial LED luminaire efficacy	118 lm/W	
Init. Corr. Color Temperature	4000 K	
Init. Color Rendering Index	70	
Initial chromaticity	(0.41, 0.39) SDCM ≤5	
Initial input power	39 W	
Power consumption tolerance	+/-11%	
Over Time Performance (IEC Compliant)		
Control gear failure rate at median useful life	10 %	
100000 h		
Lumen maintenance at median useful life*	L70	
100000 h		
Application Conditions		
Ambient temperature range	-40 to +35 °C	
Performance ambient temperature Tq	25 °C	
Maximum dim level	Not applicable	
Due do et Dete		
Product Data	074074 440442700	
Full product code	871951418113700	
Order product name	BRP102 LED55/740 II DM MSP	
EAN/UPC - Product	8719514181137	
Order code	910925868133	
Numerator - Quantity Per Pack	1	
Numerator - Packs per outer box	1	
Material Nr. (12NC)	910925868133	
Net Weight (Piece)	3.300 kg
