

PIXO

Our latest star, Pixo, isn't just a wall luminaire, it's a style icon – an ultimate dimmable luminaire for indoor or outdoor use in private and public environments. It lights up not only your wall, but also your taste for Nordic design. Easily installed dimmable luminaire in two sizes for direct connection to 230V. Replaceable LED and driver. Selectable lumen output and adjustable colour temperature via DIP-switch. Easily installed with separate rear element and built-in spacer frame. The rear element is equipped with cable inlets to enable surface-mounted cabling. Pixo is designed for IP65, IK10 and has durable powder coating for tough outdoor environments.

With accessories such as decor fronts, you can create a glare-free light distribution and change its appearance to create a unique style that harmonises with your facade's aesthetics. The decor fronts can be ordered in a range of colours on request – just contact us and we'll help.

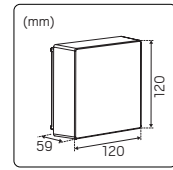

- Dimmable wall luminaire for both indoor and outdoor use
- Replaceable LED and driver – built for the future
- For tough environments - durable powder coating, IP65 and IK10
- Separate rear element equipped with cable inlets for surface-mounted cabling
- Dimmable, adjustable lumen output and selectable colour temperature via DIP switch
- Choose the appearance of your luminaire in combination with decor front
