

## PL-L

## MASTER PL-L 4 Pin

**Mest pålitelig!**

MASTER PL-L er et medium til høyeffekts lineært kompakt lysrør, som ofte brukes til generell takbelysning i butikker, hoteller, restauranter, catering og kontorer, der det kreves høyere belysningsnivåer. Den originale Philips-utviklede broteknologien gir optimal ytelse ved bruk, og gir mer lys og høyere effekt enn bøyd løsning. Det er utformet for å fungere med både elektromagnetiske og elektroniske HF-forkoblinger, og det leveres med en sokkel som enkelt kan settes inn og tas ut.

**Produktfordeler**

- Best mulig lysytelse for korte eller lange perioder per tenning

- Lang levetid og bærekraftig lyseffekt
- Stort utvalg lysfarger
- God fargegjengivelse (CRI > 80)
- Kan dimmes ned til 10%

**Produktegenskaper**

- 4-pins feste
- Trifosfat-lysrørteknologi
- Lite lysforringelse gjennom levetiden

**Miljøvennlig**

- Godt miljøvalg på grunn av høy energieffektivitet, lang levetid og liten lystilbakegang, lavest kvikksølvinnhold
- Innfrir alle RoHS og WEEE krav: lyskilden har et meget lavt kvikksølvinnhold, er blyfri, bruker ingen radioaktive substanser eller miljøfendtlige kjemiske flammehemmere

**Bruksområder**

- Designet for generell belysning i butikker, kontorer, hoteller og spesiell arbeidsbelysning, og for utendørs bruk i boligområder og parker

**Advarsler og sikkerhet**

- Lyset og tekniske data er avhengig av driftsforhold som omgivelsestemperatur, HF-forkobling som brukes og hvilken posisjon lyskilden er plassert i.
- Kortere levetid ved mange tenn/slukk eller hvis elektrodene ikke er forvarmet
