

Caramella Candy Led

- Led bulb with an extremely elegant and precious shape. The large size, the porcelain-like finishing, the high flux, the refined design, the high visual comfort make this bulb a unique and refined masterpiece capable of furnishing and illuminating all environments, domestic, commercial, small and large. A true work of art that starts from Italian design, marries ancient master glassmakers and merges with the best and most efficient LED technology.
- Registered design
- High CRI
- Operating temperature: -20° C ~ + 50° C
- IC Driver constant current design
- Wide light emission
