

Filament Coriandoli Led G 125

G 125 black transparent

G 125 pink transparent

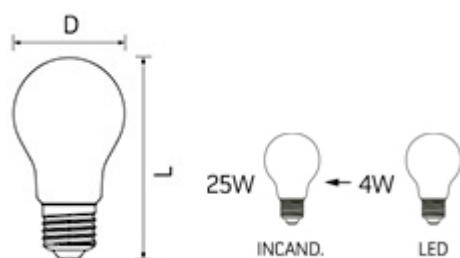

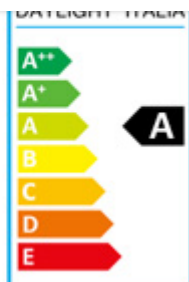

G 125 grey pink

G 125 grey transparent

- New range of LED bulbs with tinted glass in different variants: uniform, shaded, twin-color. The particular shapes of glass bulbs and the curved Led filament enhance the colours and create unique scenarios and games of colour.
- The lamps are an explosion of colours, a cheerful and whimsical party or an elegant manifestation of styles that goes well with any one. Curved Led filaments are an art, they are not just light sources.
- Operation Temperature: -20°C~+50°C
- Long life
